

Night Navigation

5A

AT THE EDGE MOUNTAINEERING
"Your greatest failure is not to try"

Dartmoor | 1900 – 2200

INTRODUCTION

The aim of this course is to develop your poor visibility navigation skills. We do this course at night as it guarantees us the lack of visibility which we require to make the navigation realistic. Night nav and navigating in the fog during the day is the same: you can't see a lot!

PREVIOUS EXPERIENCE

Ideally you are either: experienced navigators and want to improve your poor visibility navigation, have attended either/both of my INTERMEDIATE and/or ADVANCED NAVIGATION courses or for those working towards the Hill and Moorland or Mountain Leader award.

COURSE CONTENT

- Pacing and timing
- Catchment features
- Tick off features
- Using the group to aid navigation
- Accurate compass work

WHY CHOOSE AT THE EDGE MOUNTAINEERING

Our Values and Ethos

Our ethos is to inspire you to get out and start enjoying the hills, mountains and crags of the UK. We want to help develop your skills and see you progress towards becoming an independent hill walker, mountaineer and/or climber. Mountaineering and climbing is our passion! Our instructors radiate this passion and we want to share this love of the mountains and crags with you too.

Flexibility

Our 'course content' gives you an idea of what we will cover on the day, but this is not a set-in stone list. At the beginning of a course, our instructors will ask what you want to achieve by the end of the course and will endeavour to achieve this for you. If you and the group pick up the skills early on, there is no reason why we cannot progress and teach you more. And course timings are flexible too. We will aim to finish around 1630-1700 on most of our courses, but if you have no plans after the course and the weather is good, why rush going home.

Quality Instruction

We strive to give you the best possible experience on every course! We want you to learn as much as possible in a safe and comfortable environment and offer an action-packed day in the hills and mountains and on the crags. Our aim is for our instructors to transfer their passion for the outdoors to you.

Experienced Instructors

All of our instructors are qualified mountain leaders and rock climbing instructors as a minimum, members of professional associations, first aid trained and fully insured. Our instructors experience stretches from climbing on the Tors of Dartmoor to ski mountaineering in the Alps! We have intimate knowledge of all the areas our courses are based and have spent many days, weeks and months personally climbing, walking and training in these areas.

Friendly Atmosphere

From the moment you first meet your instructor, you will be welcomed into a friendly and relaxed environment. Our aim is to make all our courses as friendly and relaxing as possible. Whilst you learn new skills, we want to find out more about you and get to know you too! And vice versa. Get to know your instructors and fellow course mates and make new friends to enjoy the hills, mountains and crags with.

BRIEF ITINERARY

19:00 Meet & Greet

Course intro & briefs

19:15 Start our evening on the hill

22:00 Course finish, debrief & Thanks

WHAT'S INCLUDED?

MAPS/BOOKS/RESOURCES

Prior to your course, you may want to buy your own maps, navigational aids or do some home learning. Below is a list of resources that you will benefit from before attending your course:

- Harvey Maps – Superwalker XT25
- OS Maps - Explorer 1:25 000 scale
- 'Navigation in the Mountains' - Carlo Forte
- 'Hill Walking' – Steve Long
- www.shavenraspberry.com (Navigational aids)
- [At The Edge Mountaineering Online Navigation Course](#)
- [At The Edge Mountaineering – Navigation Resources Page](#)

HOW TO BOOK & CONTACT

If you would like to book a place on this course, either send us an email or head to our website and pay online. A non-refundable 25% deposit will secure your place. For online bookings, you can either pay in full via Paypal or select Manual Payment. You will receive an email confirmation and we will then send you a booking form and invoice with payment details.

If you have any other questions, check our [FAQ](#) page or feel free to send us an email and we will aim to reply within 24 hours.

EXTENDING YOUR COURSE / BESPOKE & 1:1 BOOKINGS

Do you have a thirst for more? Do you want to develop a certain area of your navigation? After attending one of our courses, you may wish to further develop your skills with a day of private instruction. These will be bespoke days, tailored to you, your aims and what you want to focus on and achieve. Private/bespoke days after a course are a great way to really develop your skills and progress at your pace, under the watchful eye of a qualified instructor.

Chat to your instructor during your course about private instruction days following your course or get in touch with us via email:

info@attheedgemountaineering.co.uk

We look forward to seeing you soon!

KIT LIST
